

**For Immediate Release**

**Telrad Networks joins effort to form Enterprise Ecosystem**

*Multi Service Business Platform provides unified platform for enterprise*

**Las Vegas, NV, USA – April 29, 2008** – Telrad Networks, LSI Corporation (NYSE: LSI) and several other companies are forming the MSBG (Multi-Service Business Gateway) alliance. The alliance includes leading providers of services, application and management software, hardware and system integration. As a group, the alliance is focused on delivering an industry-wide open-system with a complete solution on current and next generation business services. Telrad has more than 3 decades of experience in providing enterprise and carrier-grade solutions for telecommunications vendors and will be a leading system integrator for the MSBG market.

"Telrad has the skills to enable system integration of MSBG solutions," said Charlie Kawwas, Vice President of Segment Marketing, LSI. "They've provided solutions in the VoIP and transport spaces that tier 1 customers and tier 1 telecom vendors demand."

The MSBG Alliance is designed around LSI's breakthrough technology and includes Telrad Networks as the solution provider, and a number of additional Alliance partners to be announced during Interop.

"Our ongoing relationship with LSI has allowed us to provide rapid time-to-market and a high level of customization," said Yossi Ben-Harosh, CEO of Telrad Networks. "LSI's continued confidence in us is proof of our business strategy to provide white-label solutions, thus avoiding channel conflict with our TEM partners."

Telrad and LSI will showcase MSBG solutions at Interop 2008, April 28 to May 1 in the Mandalay Bay Resort and Casino, Las Vegas, Nev. On Tuesday, April 29 at 10 a.m. at Reef E Charlie Kawwas, MSBG Alliance founder will present the session, Managed Services: The Real-Time Tipping Point. He will discuss the new services enabled by the application of MSBG systems and introduce the MSBG Alliance.
